CATALOGUE

OF

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued quarterly. The entries are arranged alphabetically by titles. The place of publication is given only when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. Registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt. A dash for the month in a copyright information line indicates a repetition of the previously given month.

A list of the copyright renewals and extensions made for periodicals under section 24 of the act of March 4, 1909, will be found at the end of this issue, immediately following the text.

The fourth number, completing the volume, contains a full annual index to proprietors. The subscription price for the complete calendar year for Part 2 (Periodicals) is \$0.50, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

NOTICE.

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that in so far as any copyright articles deposited from January 1, 1920, to December 31, 1925, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1927.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscript or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

COPYRIGHT—POLAND

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

Whereas it is provided by the act of Congress approved March 4, 1909, entitled "An act to amend and consolidate the acts respecting copyright," that the copyright secured by the act, except the benefits under section 1 (e) thereof as to which special conditions are imposed, shall extend to the work of an author or proprietor who is a citizen or subject of a foreign state or nation, only upon certain conditions set forth in section 8 of the said act, to wit:

(a) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

(b) When the foreign state or nation of which such author or proprietor is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States the benefit of copyright on substantially the same basis as to its own citizens, or copyright protection substantially equal to the protection secured to such foreign author under this act or by treaty; or when such foreign state or nation is a party to an international agreement which provides for reciprocity in the granting of copyright, by the terms of which agreement the United States may, at its pleasure, become a party thereto:

And whereas it is provided by section 1 (e) of the said act of Congress, approved March 4, 1909, that the provisions of the act "so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically the musical work, shall include only compositions published and copyrighted after this act goes into effect, and shall not include the works of a foreign author or composer unless the foreign state or nation of which such author or composer is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States similar rights";

And whereas the President is authorized by the said section 8 to determine by proclamation made from time to time the existence of the reciprocal conditions aforesaid, as the purposes of the act may require;

And whereas satisfactory official assurances have been received that on and after February 16, 1927, citizens of the United States shall be entitled to obtain copyright for their works in Poland which is substantially equal to the protection afforded by the copyright laws of the United States, including rights similar to those provided by section 1 (e) of the copyright act of the United States, approved March 4, 1909.

Now, therefore, I, Calvin Coolidge, President of the United States of America, do declare and proclaim

That on and after February 16, 1927, the conditions specified in sections 8 (b) and 1 (e) of the act of March 4, 1909, will exist and be fulfilled in respect to the citizens of Poland and that on and after February 16, 1927, citizens of Poland shall be entitled to all the benefits of the act of March 4, 1909, including section 1 (e) thereof and the acts amendatory of the said act.

Provided that the enjoyment by any work of the rights and benefits conferred by the act of March 4, 1909, and the acts amendatory thereof, shall be conditional upon compliance with the requirements and formalities prescribed with respect to such works by the copyright laws of the United States.

And provided further that the provisions of section 1 (e) of the act of March 4, 1909, in so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically musical works shall apply only to compositions published after July 1, 1909, and registered for copyright in the United States which have not been reproduced within the United States prior to February 16, 1927, on any contrivance by means of which the work may be mechanically performed.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this 14th day of February in the year of our Lord one thousand nine hundred and twenty-seven and of the independence of the United States of America the one hundred and fifty-first.

CALVIN COOLIDGE.

By the President:

FRANK B. KELLOGG,
Secretary of State.

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued quarterly. The entries are arranged alphabetically by titles. The place of publication is given only when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. Registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt. A dash for the month in a copyright information line indicates a repetition of the previously given month; but when no month precedes the dashes in the line, the first dash repeats from above.

A list of the copyright renewals and extensions made for periodicals under section 24 of the act of March 4, 1909, will be found at the end of this issue, immediately following the text.

COPYRIGHT—CZECHOSLOVAKIA

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

Whereas it is provided by the Act of Congress approved March 4, 1909, entitled "An Act to amend and consolidate the acts respecting copyright," that the copyright secured by the Act, except the benefits under section 1 (e) thereof as to which special conditions are imposed, shall extend to the work of an author or proprietor who is a citizen or subject of a foreign state or nation, only upon certain conditions set forth in section 8 of the said act, to wit:

(a) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

(b) When the foreign state or nation of which such author or proprietor is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States the benefit of copyright on substantially the same basis as to its own citizens, or copyright protection substantially equal to the protection secured to such foreign author under this Act or by treaty; or when such foreign state or nation is a party to an international agreement which provides for reciprocity in the granting of copyright, by the terms of which agreement the United States may, at its pleasure, become a party thereto:

And whereas it is provided by section 1 (e) of the said Act of Congress, approved March 4, 1909, that the provisions of the Act "so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically the musical work, shall include only compositions published and copyrighted after this Act goes into effect, and shall not include the works of a foreign author or composer unless the foreign state or nation of which such author or composer is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States similar rights";

And whereas the President is authorized by the said section 8 to determine by proclamation made from time to time the existence of the reciprocal conditions aforesaid, as the purposes of the Act may require;

And whereas satisfactory official assurances have been received that on and after March 1, 1927, citizens of the United States have been entitled to obtain copyright for their works in Czechoslovakia which is substantially equal to the protection afforded by the copyright laws of the United States, including rights similar to those provided by section 1 (e) of the copyright Act of the United States, approved March 4, 1909.

Now, therefore, I, Calvin Coolidge, President of the United States of America, do declare and proclaim

That on and after March 1, 1927, the conditions specified in sections 8 (b) and 1 (e) of the Act of March 4, 1909, existed and were fulfilled in respect to the citizens of Czechoslovakia and that on and after March 1, 1927, citizens of Czechoslovakia have been entitled to all the benefits of the Act of March 4, 1909, including section 1 (e) thereof and the acts amendatory of the said Act.

Provided that the enjoyment by any work of the rights and benefits conferred by the Act of March 4, 1909, and the acts amendatory thereof, shall be conditional upon compliance with the requirements and formalities prescribed with respect to such works by the copyright laws of the United States.

And provided further that the provisions of section 1 (e) of the Act of March 4, 1909, in so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically musical works shall apply only to compositions published after July 1, 1909, and registered for copyright in the United States which have not been reproduced within the United States prior to April 27, 1927, on any contrivance by means of which the work may be mechanically performed.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this twenty-seventh day of April in the year of our Lord one thousand nine hundred and
[SEAL.] twenty-seven and of the independence of the United States of America the one hundred and fifty-first.

CALVIN COOLIDGE.

By the President:

FRANK B. KELLOGG,

Secretary of State.

1927
NEW SERIES, VOLUME 22

No. 3

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON
1927

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued quarterly. The entries are arranged alphabetically by titles. The place of publication is given only when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. Registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

A list of the copyright renewals and extensions made for periodicals under section 24 of the act of March 4, 1909, will be found at the end of this issue, immediately following the text.

The fourth number, completing the volume, contains a full annual index to proprietors. The subscription price for the complete calendar year for Part 2 (Periodicals) is \$1.00, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

NOTICE

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that in so far as any copyright articles deposited from January 1, 1920, to December 31, 1925, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1927.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

CATALOGUE

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued quarterly. The entries are arranged alphabetically by titles. The place of publication is given only when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. Registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

A list of the copyright renewals and extensions made for periodicals under section 24 of the act of March 4, 1909, will be found at the end of this issue, immediately following the text.

The fourth number, completing the volume, contains a full annual index to proprietors. The subscription price for the complete calendar year for Part 2 (Periodicals) is \$1.00, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

NOTICE

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, in so far as any copyright articles deposited from January 1, 1920, to December 31, 1925, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1928.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*
